Chamber Chatter

By IRENE GROVE

A very happy and prosperous New Year from your Albany Chamber of Commerce!

Your Chamber of Commerce looks forward to 1960 as a year of progress and accomplishments. You, as busines men and women, are the Albany Chamber of Commerce and it will be through your 1960 investment and participation that Albany will make this progress.

Just a note . . . We are sorry that due to limited space, Chamber Chatter did not appear in last week's Albany Times.

As the holiday season draws to a close, your Chamber of Commerce would like to say thank you to everyone who had a part in making Albany a beautiful "Christmas City." Space does not allow the mention of all the wonderful displays by your Albany merchants but there were so many outstanding ones.

Key Route was truly a "Christmas Lane" . . . a very special note of thanks to the hard working personnel of the Albany Parks and Recreation Department for the many hours that went into the center displays . . . to Nick Reckas for the white lighted tree and to all the organizations which participated with lighted trees and displays . . . thanks to the residents on Key Route for their outdoor displays that added so much to the appearance of the boulevard . . . thanks to the San Pablo merchants, whose financial participation made possible Albany's Christmas lights . . . thanks to the Solano Avenue merchants for the step toward city beautification in the planting of the living trees along this avenue . . and a special mention to the Albany Fire Department for its display at the firehouse . . . the beautiful revolving tree and nativity scene.

We feel that a special commendation should go to the personnel of the Albany Post Office . . to these busy people who gave us such wonderful mail service and who truly lived up to their Christmas greeting which stood beside the lovely revolving tree, "We are not too busy to wish you a Merry Christmas."

As your Chamber of Commerce manager, may I close by personally wishing all of you the Season's Greetings and saying "thank you," each and every one for being such wonderful people to live and work with the past two years . . . I am sincerely looking forward to 1960 in Albany.

"THE HAPPIEST OF NEW YEARS."

Aliens to Report To U.S. Service During January

District Director H. D. Nice of the Immigration and Naturalization Service estimated today that over 204,000 aliens will report their address in the San Francisco District during January under the Federal Alien Address Report Program.

The Immigration official said that 200,000 aliens reported their address during January, 1959.

Mr. Nice said that all non-citizens, except those in diplomatic status, foreign representatives of certain international organizations and those admitted temporarily as agricultural laborers, are required to file the address report.

He added that any alien who willfully violates the address report may be fined up to $200, imprisoned for 30 days, and deported.

In addition, aliens who are not in the United States during January must report their address to the Service within 10 days after their return.

The District Director said that address report cards will be available at the Immigration Service office at 630 Sansome Street, San Francisco, and local United States post offices beginning January 1, 1960.

Dimes March Drive Planned For January

Milton Porter of 506 San Carlos Avenue, Albany, and Albany's chairman for the 22nd annual March of Dimes fund drive next month, will be among special guests at the countywide kickoff luncheon to be held January 4 in Jack London Hall, Oakland.

Porter, a Standard Oil Refinery employee, is a post paralytic polio patient. He was appointed to the philanthropic post by Judge James S. Blaine of Oakland, countywide chairman for the March of Dimes Drive, which will be staged throughout the entire month of January.

Porter and 16 other community chairmen will hear an address during the kickoff luncheon by Joseph Nee of New York, Vice President for Operations of the National Foundation.

Other distinguished guests will include Dr. Eendell M. Stanley of Berkeley, U.C. Virus Laboratory, and Nobel prize winner in polio research; members of the County Board of Supervisors, Mayor Jerome Blank of Albany, and other city mayors of the county.

Porter, who says his interest in the March of Dimes project dates to his own paralytic polio attack which left his legs paralyzed, commented. "I see the miracles of curing and rehabilitation being performed daily at Fairmont Hospital Regional Polio Center in San Leandro, and know what is being accomplished by the dimes Albany and other citizens of the county contribute each year."

"Paralytic polio increased 60 per cent this year in California, and 50 per cent in Alameda County, and the need for funds is more vital than in many years. We hope Albany citizens will give generously to the various fund-raising projects we are planning."

Albany Council Sets Policy On Sewer Trouble

The Albany City Council wishes to inform Albany residents of its policy and the proper procedure to follow in case of sewer stoppage.

1. Call the City Engineering Office, LAndscape 6-6116, between 8:30 a.m. and 5 p.m. Monday through Friday.

Call the Police Department, LAndscape 5-7300, on holidays, Saturday, Sunday and after office hours.

2. The city forces will then check the main sewer to determine where the stoppage is located. If the stoppage is between the curb line of the street, it will be taken care of by the City.

3. If the stoppage is on private property the City forces will so inform the property owner and it will be his responsibility to clear same at his own expense.

The above information is given due to numerous inquiries having been received as to the owner's responsibility in sewer stoppages.

S.P. Announces Special Trains To Squaw Valley

Southern Pacific will run special trains to the Winter Olympic Games on at least six of the eleven days of competition, the railroad reported today.

C. E. Peterson, SP's vice president of passenger traffic and public relations, said the present schedule calls for trains to be run on February 18, opening day, and on the 20th, 21st, 22nd, 27th and on closing day, the 28th.

Special Greyhound buses will take passengers the 11 miles from Truckee to Squaw Valley, Peterson said, arriving at the Games' site at approximately 8:30 a.m.

It will be necessary to make seat reservations in advance, Peterson cautioned.

"The trains will be made up of lightweight, streamlined chair cars with a lounge car, a hamburger grill car and a baggage car for ski equipment. Light breakfast or supper will be served continuously in the grill car, and beverages will be served in the lounge car up to 2 a.m."

On the return trip, the bus will leave Squaw Valley at about 1:30 p.m. and the train will depart Truckee at 6:15 p.m. Arrival in Oakland is scheduled for 12:15 a.m. and in San Francisco, 12:45 a.m.

Arrangements for the purchase of admission tickets to the Games can be made through SP ticket agencies all over the West, Peterson said.

HEARING ON ZONING ORDINANCE POSTPONED

Owing to the Christmas holiday it was necessary to print the Times a day early last week, the paper going to press late on Monday afternoon. Following is a brief summary of the council meeting of Monday night, Dec. 21:

At the request of City Clerk Myrtle J. McLean the council voted to postpone the final public hearing on the new zoning ordinance from the original date set, January 19, 1960, to Tuesday February 16, 1960. This was desirable, according to Mrs. McLean, because of the details necessary in printing of supplies, preparation of notices and addressing of envelopes.

Motion for the posponement, presented by Councilman Keck, calls for the notices being sent out by first class mail. A motion by Mrs. Zahn that "the notices clearly state that this hearing is for master rezoning of the entire city," carried and it was so ordered.

An emergency ordinance decreasing the speed limit on Solano and Washington Avenues at the hill top, because of the short visibility at the approach to the crest of the hill, was adopted and passed to print.

Councilman Keck reported that he had worked with City Engineer John Dayton to formulate a policy as to proper procedure in case of sewer stoppages in the city, and submitted the following:

(1)—Call the city engineering offices. (2)—City will check main sewer. If stopped, city forces will clear the same. If open, owner will be so informed. (3) — Owner must clear stoppage at his own expense. Mrs. Zahn did not vote on the measure, stating that she felt this was strictly a matter for the city engineer and would not do so until such time as a communication is received from the city engineer.

The request of Mrs. Melving L. Cox, 815 Solano Avenue, suggesting that stop signs be installed at the southwest corner of Solano and Polk. This was ordered referred to the Traffic and Safety Commission and the city clerk was instructed to notify Mr. Rice and Mrs. Cox of this action and also the date of the next meeting of the Traffic and Safety Commission.

Mayor Blank stated that he had made a study of the proposed location of stop signs and that Jackson Street would be a better location than Polk, as the slope was less at that ponit, and a motion to that effect was adopted.

On motion of Councilman Donahue, seconded by Councilman Keck, it was ordered that the Albany Chamber of Commerce, the Solano Avenue Merchants, and the Park and Recreation Department be commended for the fine decorations, and it was so ordered, Mrs. Zahn not voting.

The council also approved unanimously a resolution requesting the governor to call a special session of the legislature on the subject of controlling motor vehicle exhausts.

Center Plans Class In Home Repairs

For the first time, the Albany Adult Center will offer a class in Home Repairs, taught by Dr. Arthur Longpre, on Thursday evenings, 7 to 10, starting January 7.

Under the guidance of Dr. Longpre, whose background includes several years experience in construction, every type of home repair, maintenance and construction will be covered, from repairing a light switch to adding a new room. Good basic knowledge about materials and labor to help the home handyman, will also be given.

Are New Year's Resolutions Necessary?
☆ ☆ ☆

No — not absolutely! Some folks never make them — we all know what streets are paved with good intentions. Still — it is better to have good ones than bad ones, or none at all, and a Resolution is an Intention expressed. One of the best Resolutions we think is to start a savings program at our bank. There is just no substitute for MONEY and the best and safest way to accumulate MONEY is in a BANK SAVINGS ACCOUNT. "MECHANICS" IS THE PLACE.

Albany Hi School Students Join In Polio Campaign

Seventy-eight Albany High School students have organized the first Alameda County TAPS (Teen Age Program) for the March of Dimes and are planning a series of money-raising events for the January campaign, Chairman Mary Joseph has announced.

Committees already have established a car wash at the Wilshire service station at 1510 Solano Avenue on Saturday, January 2. Every Wednesday during January TAPS will sell candy at school. A special phonograph record went on sale in December and will be available throughout January. Adult Advisor Frank Bell, KEWB disc jockey, will stage a TAPS dance in Albany on January 16. Rainbow crutches and litter bags will be sold on January 9, and that night the group will sell pizza at the Alteen dance at Community Center. Other events are in the planning stage.

"The two main purposes of TAPS are to raise money to fight infantile paralysis, birth defects and arthritis, and to help educate teen-agers and adults as to the importance of having Salk vaccine shots," Miss Joseph said. "It also offers teenagers the satisfaction of helping someone less fortunate than themselves."

Barbara Laing has been named corresponding secretary. Vice Chairman Joan Morton is in charge of the candy sales. Other chairmen include Carol Scaparro, record sales; Karen Blank, car wash; Bill Frazier, collections Carol Gordon, pizza sales; Cathy Jones, basketball games; Martha Geering, publicity, Bonnie Foye, posters; Connie Nelson, decorations.

Judi Larimer, a junior at Albany High School, has been named Alameda County man for TAPS. She is with Mr. Bell and the adult advisor, Don D... Oakland, is organizing throughout the county.

Membership in the High School group is ... Miss Joseph said.

Robert George Vice-President of Driving Schools

During the recent statewide election of officers for the year 1960, Robert M. George, owner of the Berkeley Driving School in Berkeley, was elected vice president of the driving school Association of California.

Approximately 100 profesional driving schools throughout the state are members of this association. These schools are recognized as pioneering contribttors to the safety of our streets and highways.

The aim of the association for the year 1960, says the new vice president, is to further dedicate itself to this problem of safe driving through knowlege, confidence, and respect of drivers to ward each other and pedestrians.

Well known and nationally prominent safety organizations have been and are continuing to make tremendous contributions in the interest of safety through the publication of accident statistics and through waves of publicity on a national scale.

The professional driving school has been and is today in a position to make a greater and more concrete contribution to highway safety than any other single source. In many areas it is the only source of training with experienced instructors.

Because of the tremendous interest in the safe and correct methods of driving a car, 1960 promises to be a busy year for the driving school industry.

In addition to the thousands of licenses that Californians are forfeiting each month for various reasons, Department of Motor Vehicles officials say that more than 500,000 applicants for an operator's or chauffeur's license failed either a written or a driver's test last year.

About 55 per cent failed the written or oral tests, 39 per cent failed the driving tests; 6 per cent (more than 35,000 applicants) could not see well enough to drive a car.

There were 351 accidents during the driving tests last year. Nineteen examiners were injured while giving these tests.

DMV officials say test failures are due to three causes: 1) ignorance, 2) carelessness, and 3) nervousness. Professional driving schools with their driver training programs can be of tremendous help on all three of the above.

It's News To Me

News of Thermos® Products

BIG NEWS in vacuum bottle construction are two dramatic new developments by The American Thermos Products Company. Now all "Thermos" brand vacuum bottles contain the "Stronglas" filler and the new triple-seal stopper. The "Stronglas" filler provides high resistance to temperature changes and physical shock while the new triple-seal stopper guarantees perfect leak-proof closure.

Cartoon Clocks

A CUTE and appealing gift to decorate a child's room is one of the new Woody Woodpecker clocks Westclox now offers. The cartoon character with red crest and impish grin appears on two clocks: a key-wound wall model with moving pendulum, and a table clock. Made by the nation's largest timepiece manufacturer, both retail for under five dollars.

Maine Sardine Sandwich

EAT A MAINE SARDINE sandwich every day for vibrant health. This advice was the result of extensive nutritional experiments conducted at the Massachusetts Institute of Technology. Maine Sardines supply large quantities of the important food elements lacking in bread. As sandwich fillings, they are delicious and supply high-quality protein and essential fatty acids which tend to build muscles, not fat.

Toshiba's Transistor Radio

Transistor radios which burst on the scene some four years ago have now attained a permanent place in the American way of life. Besides being part of Main Street, U.S.A., they are also playing a big role on the Ginza, the Main Street of Tokyo—thanks to Tokyo Shibaura Electric Company, Ltd. (Toshiba), Japan's largest manufacturer of electric and electronic equipment.

The transistor radio has become one of the most popular gift items in Japan as in the United States. Latest statistics from Tokyo show that country has almost as many radios on a per capita basis as does the United States. Virtually every Japanese home has at least one radio, and many have two or three. Television is also becoming increasingly popular in Japan. According to Toshiba, one out of every four homes in Japanese cities now have television as compared with four years ago when there was only one to a hundred homes.

Toshiba radios are becoming increasingly popular in the United States. The most popular Toshiba set is the cigarette-package size, six transistor radio, featuring smart styling and excellent reception.

Tasty Strawberry Ice Cream 'n' Cake Roll

Serve a triumphant dessert like this and people will expect the impossible from you!

This dessert is a Baked Alaska par excellence, consisting of light golden cake and strawberry ice cream rolled up together like a jelly roll. Freeze it firm. Then just before serving time, frost it generously with fluffy meringue—tinted palest pink—and pop it into a hot oven to lightly brown.

If you prefer, substitute Cherry Vanilla or Bing Cherry ice cream for the strawberry. In any case, this dessert is incomparable.

ICE CREAM N' CAKE ROLL
8-10 servings 375 degree oven, preheated 13-15 minutes

15 x 10 inch pan (jelly roll pan)
¾ cup sugar
4 egg yolks
1 teaspoon vanilla
¾ cup cake flour, sifted
¾ teaspoon baking powder
4 egg whites
½ teaspoon salt
Confectioner's sugar
1 quart ice cream

Beat egg yolks until light and lemon-colored. Add sugar and vanilla and mix well. Sift the flour and baking powder together, and add them slowly to the egg mixture, beating until it is smooth. Add salt to the egg whites and beat until stiff but not dry. Fold them lightly into the cake batter. Butter the bottom of a 10 x 15 inch jelly roll pan. Line it with wax paper that also has been well buttered. Spread the dough in it and bake in a 375 degree oven about 13 minutes. Turn out onto a long, clean tea towel or cloth that has been sprinkled evenly with confectioners' sugar. Remove waxed paper from bottom of cake. If edges are brown and crisp, trim them off. Roll cake up in towel. The towel, rolled along with the cake, will keep it from sticking together while cooling. Let stand until cool. Then carefully unroll and spread with softened ice cream. Roll up again and freeze until firm. Just before serving time remove it from the freezer and frost it with meringue. Then put it on a wooden board and place in a 450 degree preheated oven for about 3 minutes, or until meringue is lightly browned. Cut and serve immediately.

MERINGUE

4 egg whites
¼ teaspoon salt
½ cup sugar
Few drops food coloring

Have the egg whites at room temperature. Add the salt and beat until frothy. Then add the sugar, two tablespoons at a time and beat until the mixture becomes shiny and stiff. Add a few drops of food coloring and blend thoroughly.

Teenagers Rally For Dimes March During January

Thousands of Alameda County teena-gers are rallying for their annual fund-raising program for the March of Dimes next month, a youth project known nationally as "TAPS for Polio."

"Taps" activities are being directed by an advisory committee co-chairmaned by Donald Denton, Polio vaccination chairman for the Alameda County Chapter, National Foundation; and Frank Bell, KEWB disk jockey, Oakland. Countywide chairman for the young people's special events is Judi Larimer, 16, a junior at Albany High School. Judi is the daughter of Mr. and Mrs. John Larimer of 831 Key Route Boulevard, Albany, and a post-polio patient.

The Alameda County "TAP" program will consist of a county-wide series of fund raising events during January, conducted in every community through local teen-age groups and committees.

Highlights of the "TAP" program which gets under way January 1 as the 22nd annual March of Dimes drive opens here, will include benefit dances, street sales of "rainbow crutches," "litter bags," and other items, shopping center activities, TAP drag races, and other sports events, fashion shows, and a KEWB "Ugly Man" contest in conjunction with the listening public. Each vote for a competing disk jockey will cost a coin for the March of Dimes.

Auto Registration Fees Payable Jan. 4 to Feb. 4

Renewal of commercial vehicle registration for 1960 is currently under way in field offices of the Department of Motor Vehicles throughout the State.

Statement cards for trucks and trailers were mailed shortly after December 1 to a million and a half registered owners. Private passenger car statements were mailed by DMV on December 28 in a bulk quantity of 6,500,000, for the regular auto renewal period which extends from Monday, January 4, 1960, through Thursday, February 4.

Department officials emphasized two requirements of law that now affect applicants for 1960 auto registration.

Any person who acquires a vehicle by transfer during December is required by law to pay the full registration fees for the following year.

Any applicants for registration of commercial vehicles on the vised to apply for this option at quarterly basis for 1960, are ad- DMV field offices early in the holiday season. This installment fee plan is available ony if applied for on or before January 5, for owners of currently used vehicles subject to weight fees. The New Year's holiday weekend reduces the business days of the application period to two days only, January 4 and 5. DMV field offices will accept quarterly option applications through the last ten days of December.

Registration service will be available at 150 full or part time DMV offices and at 100 auto club offices throughout the State for their members. Beginning January 4, 145 temporary bank stations will handle simple renewals on autos, trucks and trailers, requiring presentation of fees with complete 1960 punched cards. The bank stations are principally in metropolitan areas, and will discontinue service at close of business, Thursday, February 4.

Teenagers Plan Benefit Car Wash Saturday, Jan. 2

A benefi Car Wash will be held this Saturday, Jan. 2, at the Wilshire Gas Station, 1510 Solano Avenue, Berkeley, the proceeds to go to TAPS, a newly formed teen-age organization.

The name "TAPS" means Teen-Age Program. The objectives of the organization are to interest and inform the public of the National Foundation's* program, not only in polio, but also arthritis, birth defects, and disorders of the central nervous system.

Aims also include the stimulation of interests in polio shots among teen-agers, support of the annual March of Dimes campaign, add encouragement to greater interest in lifetime careers in the field of health and medicine.

Let TAPS wash you car—any time between 10 a.m. and 4 p.m., January 2! Only $1.50 per car!

Education Center Plans Class in Home Decoration

Creative home decoration on a do-it-yourself basis is one of the many courses offered by the Albany Adult Education Center during the winter quarter. The course, open to the enrollment of those residing in or out of Albany, will be taught by Mrs. Alice Jung at Cornell school, 919 Cornell Avenue, on Tuesday mornings 8:45 to 10:45 and on Wednesday evenings, 7:00 to 9:00 starting the week of January 4. Of interest to both men and women, according to the instructor, the course is designed to assist the average homeowner to "beautify the home" economically, and will include practical do-it-yourself tips; theory and discussion of color and basic principles of design in interior decorating; guest experts from local paint, wallpaper and furniture stores; field trips; and print showing of a variety of attractive interiors.

During the class session such topics as these will be covered: interior decoration — choosing style and color to suit individual needs; matching fabrics and harmonizing walls, drapes, rugs, and upholstering; aids in selecting wallpaper, paint and floor finishes; furniture arrangement to fit in with the family living pattern; measuring for and purchasing draperies and glass curtains, and bleaching, dipping and dyeing textiles.

Berkeley Area YMCA to Elect New Officers

The annual meeting of the Berkeley Area YMCA at which time new officers and members of the board of directors will be elected will be held in Berkeley January 19.

Philip McCombs, YMCA president, said the main speaker will be Alexander Miller, professor of religion at Stanford University.

Sid Wallace, owner of a food store chain here, is chairman of the event that will start with dinner at 6:30 p.m.

"The Berkeley YMCA has been organized since 1903 and the annual meeting has been held since 1905," he said.

"It is especially fitting that our annual meeting is held at a time that we are completing expansion work at our three branches in West Berkeley, South Berkeley and Albany, and preparatory to adding a new building at the main YMCA."

Members of Wallace's committee include Lester Gragholm, Ura Harvel, Stanley Friese, George McNutt, Lewis Sherman, Robert Sisco, William Simmons and Kent Pursel, a member of the Alameda County Board of Supervisors.

Ben Rickli, YMCA general secretary, will give a report on the organization's activities during 1959.

Education Center

The Russian language is constantly becoming a part of more and more adult offerings, not only in California but throughout the United States, according to Robert G. Dennis, principal of the Albany Adult Education Center, 603 Key Route Boulevard. The Albany Center was among those many schools that provided instruction in this language for the first time last September. The original beginning class was continued throughout the fall and will, Dennis states, constitute the intermediate class during the winter quarter. This class is scheduled for Thursday evenings, 7:30 to 9:20, starting January 7.

Although having the emphasis placed on conversation, this intermediate course will include grammar and its application to oral and written work, and considerable simple reading.

A new class for beginning students of Russian will be held on Tuesday evenings, 7:30 to 9:30, starting January 5. The class for beginning students of Russian will stress pronunciation, learning the alphabet, elementary grammar, the construction of simple written and verbal sentences, the use of idioms, and oral drill.

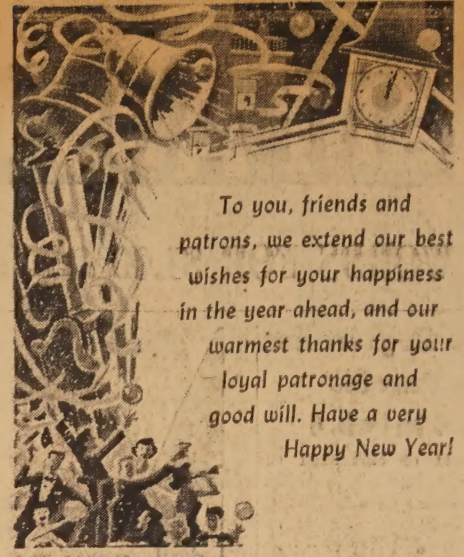

The instructor of these Russian courses is Peter V. Peters, Russian born but an American by naturalization, Dennis states. He left college during World War I to enter the Russian Army as an officer. With the advent of the Bolshevik administration, he became a refugee in China and then came to this country in 1923. He was graduated from University of California in 1927 with a B.S. degree. He is now a retired U.S. Government employee.

Spanish Rice Topped With Cheese-Glazed Pork Chops

If your husband insists on inviting friends to dinner, and the children's playmates linger as suppertime draws nigh, if your name leads all the rest of church supper volunteers—Lady, you must be a marvelous cook!

Obviously, too, you have real affection for delights of the table. Giving a different twist to old favorites is your idea of fun.

Like pork chops and Spanish rice, for instance. Pork chops served "as is" are reasonably good, though certainly not exciting. YOU would never be guilty of this, we suspect. So here is a new way of presenting them to your happy family.

Your dessert, of course, lives up to the entree. It's an ice cream pie comprised of vanilla ice cream and orange sherbet in alternate scoops, enlivened by a bit of toasted coconut. The crust is really something special. Made from a packaged biscuit mix and delicately flavored with orange rind, its simple preparation positively defies failure! And it can be baked days before and frozen 'til the occasion demands it. Just spoon the ice cream and sherbet into the baked shell shortly before the dinner bell, and in the freezer it happily awaits a dramatic entrance.

Onto the table go a basket of hard rolls, peeking out from under a napkin, lots of golden butter and mugs full of icy cold milk.

PORK CHOPPED-TOPPED SPANISH RICE

2 quart casserole 6 servings
350 degree preheated oven
40-45 minutes
6 pork chops
3 tablespoons butter
¼ cup butter
½ cup chopped celery
½ cup chopped green pepper
½ cup sliced onion
1¼ cups quick cooking rice
2 8 oz. cans tomato sauce
1¾ cups water
1 teaspoon salt
⅛ teaspoon pepper
¼ teaspoon sweet basil
1 cup shredded sharp Cheddar cheese
2 tablespoons grated Parmesan cheese

Brown pork chops in the 3 tablespoons butter. Meanwhile, melt the ¼ cup butter in a saucepan. Add celery, green pepper, onion and rice and cook and stir until rice is lightly browned. Add tomato sauce, water and seasonings and mix well. Bring to a boil. Cover and simmer for 10 minutes. Pour cooked rice into well buttered casserole. Arrange pork chops on top of rice. Top with Cheddar and Parmesan Cheese. Cover and bake in a 350 degree preheated oven for 30 minutes. Remove cover and bake for 15 minutes longer or until cheese is melted and pork chops are thoroughly cooked.

ORANGE COCONUT ICE CREAM PIE

9-inch pie plate
450 degree preheated oven
8-10 minutes
1¼ cups prepared biscuit mix
2 tablespoons grated orange rind
1 tablespoon sugar
⅓ cup soft butter
¼ cup boiling water

Put biscuit mix, orange rind and sugar in pie plate. Mix well. Add butter. Pour boiling water over butter and stir vigorously with a fork until dough forms a ball and leaves the sides of the pie plate. Dough will be puffy and soft. With fingers and heel of hand, pat dough evenly onto bottom and sides of pie plate, bringing dough up to cover sides of pie plate. Flute edges. Prick thoroughly with a fork. Bake in a 450 degree preheated oven for 8-10 minutes or until lightly browned. Cool and fill.

1 quart vanilla ice cream
1 pint orange sherbert
1 cup toasted coconut

Just before serving, fill the pie crust with vanilla ice cream and orange sherbert, alternating spoonfuls of the two. Top with toasted cocount and serve at once.
